The reply filed on August 20, 1999 is not fully responsive to the prior Office action because: applicants clearly fail to argue the rejections set forth in the last Office action which would specifically pertain to the newly filed claims corresponding to the previously examined claims (i.e., claims which would not be withdrawn from consideration in accordance with election by original presentation practice). For example, it is noted that newly filed claim 308 (renumbered as 318 in accordance with Rule 126) would be subject to the same outstanding art rejections of the now canceled claims. It is also noted that the improper cancellation of all prior claims in lieu of a written response to the outstanding rejections which would apply to newly filed claims is improper, and not a first occurrence. That is, applicants have now twice taken this improper approach although a non-responsive letter was sent by the Office following the first occurrence.

Since the period for reply set forth in the prior Office action has expired, this application will become abandoned unless applicant corrects the deficiency and obtains an extension of time under 37 CFR 1.136(a).

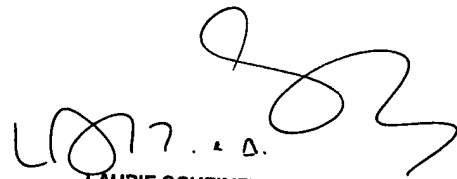

The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the date for reply set forth in an Office action. A fully

responsive reply must be timely filed to avoid abandonment of this application.
